PLANTED 1,000—ALL THRIVING!

"It may interest you to know that *every* one of the 1,000 Colorado Blue Spruce plants that I got from you are thriving."

E. W. B., Hackensack, N. J.

WORTH \$15 TO \$20 IN 4 YEARS!

"I have some Colorado Blue Spruce which I bought from you about 4 years ago when they were only babies, but now they are about 4 feet tall and worth \$15 to \$20 each. Your plants have always lived and grown for me."

W. W. W., Chuckey, Tenn.

WELL SATISFIED

"I have received ten of the Colorado Blue Spruce and was so well satisfied that I want you to send me twenty-two more."

F. G., Astoria, L. I., N. Y.

FINE SHAPE—THANK YOU

"Thank you for my order of 55 little evergreens (there were 58 in the package) which arrived safely yesterday and which I planted safely in the ground early this morning. They are in fine shape and I am hopeful of raising every one of them. Thank you for sending them so carefully and with such full instructions."

G. E. B., Little Neck, L. I., N. Y.

NEVER LOST A TREE!

"The trees which I purchased from you some years ago are beautiful. I have sold many of them and decorated our place with them. Have sold a good many of the Norway Spruce for Christmas trees. People remarked that they were the nicest Christmas trees they had ever had. We have never lost a tree."

Mrs. M. D. P., Scotch Plains, N. J.

NO FINER RESULTS OBTAINABLE!

SHIPPING WEIGHTS

All prices on this page F. O. B. Fryeburg, Maine. Cash with order, or shipped C. O. D. if one-half amount accompanies order. Approximate shipping weights: 3 and 4 yr., once transplanted, average 10 lbs. per 100 Trees; 5 yr., twice transplanted, average 30 lbs. per 100 Trees; 6 yr., twice transplanted, average 35 to 50 lbs. per 100 Trees.

LARGER TREES

Larger Trees than those offered in this price list must be handled with a ball of earth around roots, which makes transportation charges excessive unless you live in Maine or New Hampshire. Outside those states, buy larger Trees from your local nurseryman.

Planting Time

Your Trees will be ready to plant as soon as they arrive. Living South of me, your growing season starts before mine does here in Maine. I have to wait till the frost leaves the ground before I can dig your Trees. Often this is around the middle of April—sometimes before. As soon as it's possible, I'll dig and ship your Evergreens. *Plant them at once* when they arrive. They'll be ready to burst into quick-growing life!

SPECIAL OFFERS!

My Spring prices in the box at left are certainly low! But I offer you even greater values in my 4 Evergreen Specials on the back page! Read the descriptions of my Trees at the far left and under the pictures on the flap. Decide which varieties best suit you. Then, see how little a complete planting of the beautiful Evergreens you want will cost! Remember—in figuring the number of Trees you want, you need not make allowance for some dying—my Evergreens are GUARANTEED TO LIVE!

Order Your Trees Now!

It'll soon be Spring digging time in Fryeburg. Advance orders will nearly exhaust our supplies of some varieties. Every year I'm forced to disappoint some folks who wait till the last minute to send in their orders. That's why I say—send me your order NOW while I still have the Trees you want!

Guarantee

I will replace FREE OF CHARGE any Tree ordered from this folder which does not live. My sole condition is that you must notify me before October 1, 1942, of the number of Trees to be replaced. Only Trees listed and priced in this folder are Guaranteed To Live.
